Germany Stands By Submarine Policy

All Hope Now Shattered That Ruthlessness Will Be Restricted.

The News Told In Short Bulletins From The Associated Press Dispatches.

The latest bulletins received up to the time THE NEWS went to press last night gave the inference that the German Government had broken all pledges to President Wilson and that war was now a certainty. The steamer Turvino was sunk by a German submarine, and an American negro named George Washington was killed, according to a report received at the American Embassy. One of the survivors was Calvin Bay, an American citizen of Fillmore, Utah. President Wilson was notified and immediately went to the State, War and Navy Building. The President and his advisers seem to be still waiting for some "overt act" before beginning actual hostilities, though preparations are being made to meet any emergency that may arise.

NEW YORK, Feb. 8.—It is said that Germans on passenger vessels held in New York harbor were informed by code message from Washington that a break had occurred and immediately began using axes and crowbars to destroy engines. Thirty million dollars' damage was done while the U. S. neutrality squads stood by helpless.

WASHINGTON, Feb. 8.—The grim determination of the Administration is illustrated by the authoritative statement that if it should become necessary to declare war, it will be done without addressing any communication to Germany.

Congress and all executive departments of the Government were progressing in their preparation for any eventualities. The Government is still waiting. Should no overt act by Germany follow, war will be avoided.

WASHINGTON, Feb. 8.—Latest advice from Germany is that the Kaiser's reply to the President's note severing diplomatic relations is now being prepared and will be forwarded to the United States within the next twenty-four hours. It seems to be the general opinion that the Kaiser's reply will be a declaration of war.

WASHINGTON, Feb. 8.—The American liner St. Louis will not be given a convoy if she decides to sail for England through the German submarine zone, it was announced at the State Department Tuesday.

The government is acting on the policy that Americans have an inalienable right to traverse the high seas, that the German submarine blockade is entirely illegal, and that any sinking of American ships in contravention of law would immediately lead to hostilities.

PHILADELPHIA, Pa., Feb. 8.—Chas. J. Hexamer, president of the National German-American Alliance, the membership of which in the United States is said to be 3,000,000, pledged his loyalty to this country. In reply to criticism because of his advocacy of a referendum vote of the people before war can be declared, Mr. Hexamer authorized the following statement:

"If it came to war I would stand firmly behind the United States and would uphold anything this, my country, might set out to do."

WASHINGTON, Feb. 8.—Germany's submarine warfare apparently is growing in intensity. Tuesday's reports show that underwater boats probably have accounted for fifteen additional vessels—seven neutral and eight belligerent—of 46,763 tons. Eight of them are known to have been sunk, one is reported to have been "torpedoed," and the others are "believed" to have been sent to the bottom.

WASHINGTON, Feb. 8.—Engines and boilers of all nine German merchant vessels tied up in the Hawaiian Islands have been disabled by the crews. Crews of two of the ships have been taken into custody, while the crews of the seven other vessels are detained at the immigration station.

WASHINGTON, Feb. 8.—German citizens in Kentucky seeking information of any sort should apply to the Swiss Consul at Cincinnati. All of the German Consuls will leave the United States, and the work of Consul Merger at Cincinnati will be turned over to Edmund Luthy, whose address in Cincinnati is 1204 Vine street. Consul Merger's territory was the same as that of the Swiss Consul, embracing the States of Ohio, Indiana and Tennessee.

AMSTERDAM, by way of London, Feb. 8.—Austria now is at the end of her supplies from the last harvest, according to a statement published in the Neue Freie Presse of Vienna, attributed to the Austrian Food Controller Hofer. The prevailing frost has greatly impeded the potato supply, according to the controller, but the German government has promised supplies from Roumania in March.

WASHINGTON, Feb. 8.—Entente diplomats here frankly express their hope that the United States will not actually enter the war. Several of the allied representatives let it be known that they entertain a growing fear Germany deliberately precipitated a break with this country in order to

hold American munitions and supplies here, thus cutting off imports to the Entente probably more effectively than any single step that the Central Powers could take.

COPEHAGEN, Feb. 8.—(By way of London.)—It is officially stated that James W. Gerard, the American Ambassador to Germany, will not be allowed to leave Berlin until the German Government is satisfied as to the treatment of Count von Bernstorff, the German Ambassador at Washington, by the American government.

COPEHAGEN, Feb. 8.—(By way of London.)—A dispatch received from Berlin by the Berlinske Tidende says James W. Gerard, the retiring American Ambassador to Germany, has advised the American newspaper correspondents to leave Germany as soon as possible and to proceed the safest way to the United States—by way of Switzerland or Spain. The Ambassador, adds the dispatch, will stay for some days in Berlin settling up urgent business matters.

WASHINGTON, Feb. 8.—Inland Switzerland is providing itself with a merchant fleet to transport food from abroad. Dispatches to the Commerce Department said a number of vessels were being leased by the Swiss Government from neutral European States to be put into immediate service.

LOUISVILLE, Ky., Feb. 8.—Eleven distilling plants in the State of Kentucky were placed at the disposal of the United States for the production of alcohol to be used in the manufacture of munitions, in a telegram sent to the Secretary of War by J. B. Wathen, Jr., president of the Kentucky Distillers & Wholesale Liquor Dealers' Association. His action was authorized at a meeting of the Executive Committee of the distillers' organization held in Louisville.

WASHINGTON, Feb. 8.—Millions were appropriated in minutes in the House, Tuesday, when the fear of war between the United States and Germany caused increases aggregating \$15,000,000 to be put into the Naval Appropriation Bill.

Practically without debate and with no opposition, appropriations for army and ammunition for merchant ships to be converted into auxiliary cruisers for anti-aircraft guns and for ammunition for the navy were doubled and trebled within an hour.

WASHINGTON, Feb. 8.—The steady stream of reports telling of the destruction of merchant ships by German submarines was brought to a climax by a cablegram to the State Department announcing that the British passenger liner California, had been torpedoed without warning, and that an American citizen was among the survivors.

Whether this will prove to be the overt act to drive the United States into war, no one would attempt to say. President Wilson, who must make the decision, had retired when the news came, and officials did not awake him. Late in the afternoon he had been informed of a message from Consul Frost, telling of the sinking of the California, but giving no details as to warning or the presence of Americans. A later report stated that the American, John A. Lee, of Montgomery, Ala., had been saved.

COURT OF APPEALS UP HOLDS RACING AUTHORITY.

The Court of Appeals at Frankfort, Tuesday affirmed the Jefferson Circuit Court in the case of the Douglas Park Jockey Club against T. Hart Talbot, of Paris, vice-president of the Kentucky Racing Commission.

The Racing Commission passed a rule that no race track within ten miles of a city having a population of 200,000 should offer any purse less than \$800, and no race-track should offer any purse less than \$600. The Douglas Park Jockey Club opposed the rule on the ground that the Legislature could not delegate to the State Racing Commission power to fix the amount of purses; that it did not, in fact, delegate this power, and that the rule adopted was a discrimination in favor of the race tracks of their property without due process of law, and failing to afford an equal proportion of the law to all race tracks. As a result of the decision, the State Racing Commission has the authority to fix the amount of purses on the Kentucky race tracks under its supervision.

FILES PETITION IN BANKRUPTCY PROCEEDINGS

A petition in involuntary bankruptcy was filed in the District Court at Frankfort, Tuesday, by Mr. James H. Batterton, of Paris, who has been conducting a grocery and ice-cream business at the corner of Main and Seventh streets.

In the petition Mr. Batterton placed his liabilities at \$5,014.13, with assets probably \$7,000, consisting of his stock, fixtures, etc. Mr. Batterton has been in his new location but a few months, having moved there from his former location near the Frankfort & Cincinnati railroad crossing on South Main street.

THE TOBACCO MARKET.

Owing to the extreme cold weather and the difficulty of handling and hauling tobacco no sales were held at any of the Paris warehouses until Wednesday, when the Paris Warehouse sold 18,577 pounds for \$3,672.56, an average of \$19.77.

The American Tobacco Company withdrew their buyers from the Mayville market Wednesday, but it is thought to be only temporary. None could give a reason, only that their instructions from headquarters said to cease buying. The market declined under this announcement.

The withdrawal of the American Tobacco Company's buyers throughout the Central Kentucky Burley district is probably because of the threatened war, according to a statement to THE NEWS from a local dealer Wednesday as the largest plants are across the ocean. It is probable no more tobacco will be bought by them so long as the diplomatic relations between the United States and Germany remain broken, or until present conditions are bettered.

BOURBON—THURSDAY, FEB. 8.

The Bourbon Tobacco Warehouse sold yesterday 32,275 pounds of tobacco for \$5,757.26, an average of \$17.85. The quality of the day's sale was poor. The market, while not as high as at one time, was still very satisfactory and there were no rejections. All of the buyers were on the sale and all buying. A few crop averages follow:

Barton & Ewing, 2,840 pounds, average \$22.19; Wyatt & Shoemaker, 1,815 pounds, average \$23.12; Booth & Martin, 2,410 pounds, average \$18.54; Snell & Ritchie, 2,410 pounds, average \$17.67; W. C. Bell, 5,115 pounds, average \$17.11.

All buyers at this point have shipped out everything and their prize rooms are now clean.

INDEPENDENT—THURSDAY, FEBRUARY 8.

A total of 22,275 pounds of tobacco was sold at the Independent House, for an average of \$18.03. The quality of the offerings was fair. Some of the crop averages follow:

Clarke & Crane, 4,055 pounds for \$866.23, average \$21.36; Redmon & Ritchie, 2,890 pounds for \$513.48, average \$17.76; Marsh & McCord, 8,395 pounds for \$1,439.09, average \$17.33; E. H. Darnaby, 1,095 pounds for \$216.83, average \$19.80.

CANDIDATES FOR POLICE JUDGE

The present issue of THE NEWS carries in its announcement column on the editorial page the avowal to the public that Mr. Claude Redmon and Mr. J. W. Brown, both well-known citizens and business men of the city of Paris, desire the office of Judge of the Police Court of Paris, a place which carries a great responsibility with it, and one, which, in the language of a former candidate for the place "doesn't necessarily require a lawyer to fill."

Mr. Redmon has been prominently identified with the business life of Paris and Bourbon county for many years, having been in the county's service as County Road Engineer, and Magistrate. He has a good record behind him in these offices, and his extensive acquaintance with the people of Paris will make him a most formidable contender for the office of Police Judge. Mr. Redmon has also been prominent in the tobacco business, and is at present conducting the Chevrolet Garage in this city.

Mr. Brown has been a resident of the State for the past fifteen years, having come to Paris seven years ago. He is at present representing the Lexington Laundry in this city, and has by his honorable business methods and uniform courtesy, made a wide circle of friends who would like to see him presiding over the sessions of the Police Court, a position which he would fill with ability.

Another addition to the list of announced candidates for the office is that of Mr. Harry L. Mitchell, who makes his announcement in this issue of THE NEWS to the voters of the city. Mr. Mitchell had his mind made up some months ago to enter the race at the proper time, but did not want to be the first one to shy his hat in the ring.

Mr. Mitchell is one of the best-known men in the city, having been connected with the Louisville & Nashville railroad for many years, and in late years manager of the Paris Grand Opera House. His platform is "Justice to all, and not law to some, regardless of color, sex, age or previous condition of servitude; want the office, and ask your support." Mr. Mitchell proposes to begin an active canvass at once, and run the race from end to end.

Mr. Percy A. Thompson in this issue makes his public announcement as a candidate for Police Judge of Paris. Mr. Thompson's card published in this issue, presents his claims for consideration of the voters and does it in such a way that we can add nothing to it to make it more effective.

There will be several other entries in the race in the near future.

BUSINESS MEETING OF LOCAL CHAPTER D. A. R.

A business meeting of the Jimima Chapter, D. A. R. of Paris, will be held at the residence of Misses Winnie and Lottie Williams, on Pleasant street, at two o'clock to-morrow afternoon. At this meeting delegates and alternates will be selected to represent the Chapter at the National Congress of the D. A. R., which will be held in Washington, D. C., in April.

The Chapter will observe Thursday, February 22, Washington's Birthday, with a special program and reception.

MR. P. A. THOMPSON ANNOUNCES CANDIDACY FOR POLICE JUDGE

I desire to make my formal announcement as a candidate for Police Judge, subject to the action of the Democratic primary, August 4, 1917. I come before you with every confidence that you will give my claims your earnest and serious consideration.

I am a lawyer actively engaged in the practice of law in this city. I graduated from the University of Cincinnati, Law Department, in 1908, having successfully passed an examination and was admitted to practice in 1907. My reasons for thinking myself eligible for this office are as follows: I have always believed that this office should be filled by an active attorney of some years experience, inasmuch as the questions involved in this Court are always of a legal nature, and, necessarily, an experienced lawyer only would be competent to serve.

Again, in the majority of cases before the Court, the person being tried has no lawyer to represent him, and it is necessary, to my mind, to give that person a fair and impartial trial, that the person hearing the evidence should be able to pass on all questions arising with due regard to the guilt or innocence of the accused. No matter how intelligent or well-educated a man may be, unless he has had training and experience along the line of procedure in trials and is familiar with the law pertaining thereto, I hardly think, and I believe you will agree with me, that he is competent to pass judgment.

If elected to this office, I plan to provide a civil court for action where the amount involved does not exceed \$200.00, the costs in the case to conform strictly to the fees provided by Statute. I believe that this plan will be of material benefit to the merchants, especially, resulting in cases being tried at less expense to litigants and consuming less time than heretofore.

I believe that I can be of benefit to the citizens of Paris and I know that they can be of great benefit to me as a candidate for this office. I have practiced in every court in this State, from the lowest to the highest, as well as the several United States Courts of this District, and if you show your confidence by electing me as Police Judge, I assure you that the laws as provided in the Kentucky Statutes will be strictly enforced, yet in a fair and cautious manner, with a sense of justice and without favoritism or partiality towards any person or persons.

It is my desire to see each voter in person before the primary and until I can have that opportunity I respectfully ask that you withhold your pledge for this office until I may present my claims.

P. A. THOMPSON.

PARIS BASKET BALL TEAM TO PLAY AT WINCHESTER

The basket ball team of the Paris High School will play a double-header at Winchester this afternoon at 3:15 with the teams representing the Clark County High School, and the Gate City devotees of this popular game are expecting one of the hardest struggles of the season. Paris had one of the best teams in the States last year, and the team this year is said to be equally as good. The boys' team last week defeated the crack team from Danville.

The Winchester Sun in announcing the event states that all editors and United States soldiers will be admitted free to witness the game. The soldiers might profit by the game, but the newspaper men are too busy playing basketball with the high cost of paper to attend such a tame affair as an ordinary basketball game.

BURN GAS AND BE HAPPY.

It's the cheapest in the long run. No plumbing bill to pay. Water in the stove back don't freeze, no tanks to drain, no kinking to split, no ashes to carry out or coal to carry in. Use gas and know what luxury is at a cost less than coal.

VETERAN MINISTER CELEBRATES MARRIAGE ANNIVERSARY

The celebration of the eighty-first anniversary of their marriage was made the occasion of a memorable gathering in honor of Rev. and Mrs. L. H. Reynolds, formerly of North Middletown, this county, recently, at the home of their daughter, Mrs. Louise Hagan, in Winchester.

Rev. Mr. Reynolds, who is one of the oldest and best-known ministers in the Christian church, has been ill for some time, but that did not prevent him from enjoying the congratulations and good wishes of the many friends and relatives who called in person, or sent messages. Mr. and Mrs. Reynolds are both in their eighty-first year, their birthdays having been just a day apart, one on September seventh, and the other on the eighth day of the month. They have three children, Mr. Isaac Reynolds, of this county; Mrs. Louise Hagan, of Winchester, and Mrs. Minnie Hughes, of Nelson county.

KENTUCKY TAXPAYERS' LEAGUE ORGANIZED AT WINCHESTER.

Delegations from the counties of Central Kentucky representing the taxpayers, met in called session at Winchester, Wednesday, and effected an organization to be known as The Kentucky Taxpayers' League. Mr. Thos. J. Biggerstaff, of Montgomery county, was made president of the organization, and Mr. Henry V. Thompson, of Winchester, formerly a Bourbon county citizen, was selected as Secretary. The following Executive Committee was appointed: Dr. N. B. Chiquan, Dore Logan and John F. Fryer, Pendleton county; Price Headley and W. Rodney Estill, Fayette county; Dr. C. W. Mathers, W. M. Mathers, H. S. Weaver and C. E. Sanford, Carlisle, Nicholas county; E. K. Renaker and Basil Barry, Harrison county; Charles Peters, Mark Hendricks, Fleming county; W. W. Haley, V. W. Ferguson, T. H. Clay, Jr., C. M. Thomas, James H. Fisher, Roger Burris and J. H. Thompson, Bourbon county; Charles E. Marvin and R. B. Thompson, Scott county; Claude Williams, Dr. James McKee and Horace Gay, Woodford county; Sid Hart, H. R. Prewitt, L. L. Bridgeforth, John Stofor, J. W. White, Major D. J. Burnett, Allie Ratliff, Rankin Whitsitt, Montgomery county; S. T. Prewitt, L. B. Cockrell, John Duvall, J. Hood Smith, E. B. Dooley, A. Howard Hampton, Nelson P. Gay, Dr. C. G. Stevenson, Nelson P. Gay, Dr. C. G. Stevenson, Hon. J. D. Willis, Harry B. Clay and R. D. Hunter, Clark county.

The purpose of the organization is to protect the interests of the taxpayers of State. It is proposed to increase the membership by inviting all the taxpayers of the State to join. A motion was adopted opposing the report of the State Tax Commission. The Chairman was authorized to appoint a committee to draft a new tax law to be submitted at the next meeting of the League, and to handle legislative matters pertaining to the objects the League seeks to attain. It was decided to prepare and have filed articles legally incorporating the League.

It was the unanimous sense of the meeting that the new tax law should not be adopted for the following reasons:

1. The new tax law creates a new office that costs \$2,000 a year.
2. It exempts from taxation, for county and municipal purposes, all personal and intangible property in the State.
3. It exempts from taxation, for county and municipal purposes, all manufacturers' raw materials and stock on storage in the State.
4. All town and county taxes must be paid by land and real estate.
5. Millions will escape county taxes if this law is passed.

The meeting was addressed by Mr. Thos. J. Biggerstaff, of Mt. Sterling; Mr. James H. Thompson, of Paris; Mr. David Prewitt, of Winchester, and others. Another meeting will be held in Winchester to-morrow morning at ten o'clock.

CLIFTON DALZELL BUYS THE BRUCE MILLER FARM

The Bruce Miller farm of 122.71 acres, located on the Paris & Georgetown pike, near Paris, was sold at public sale yesterday, Mr. Clifton Dalzell being the purchaser, at \$145.15 per acre. The sale was conducted by George D. Speakes and M. F. Kenney, auctioneers. Mr. Dalzell will get possession in March.

The farm was first offered in three tracts, tract No. 1 of 43.34 acres; tract No. 2, containing all the improvements on the place, and 35.91 acres of land; tract No. 3 containing 44.39 acres, on which is located the corn crib and a rock quarry used by Bourbon county. The farm was then put up as a whole, Mr. Dalzell being the purchaser.

The place has a two-story brick residence of eleven rooms and kitchen and has other substantial improvements. After the sale the property was divided with Caywood & McClintock as follows: 44.34 acres to Caywood & McClintock, adjoining the Cleveland farm, unimproved; 79.43 acres, including improvements, adjoining the Lytle place, to Mr. Clifton Dalzell, of near Little Rock.

IN NINETY-FIRST YEAR GATHERS ICE ALL DAY.

One of the most remarkable men in this community is Mr. Frank Williams, Sr., who resides with his son, Mr. Frank Williams, Jr. near Paris. Mr. Williams, who celebrated his ninetieth birthday in October, is hale and hearty and in his own words is "as good as any young man in Paris."

Mr. Williams came to Bourbon from Bracken county thirty-five years ago, and began farming on a small scale. He makes the proud boast that he has never missed a day's work in all his years since he was able to work, and was never compelled to "lay off" because of sickness or accident. He attributes his good health and longevity to regular hours and hard work.

To demonstrate the fact that he was still able-bodied and not feeling the weight of nearly ninety-one years, Mr. Williams assisted in gathering ice at his son's home place all day Tuesday, and worked as hard and as long as did the others. He experienced no discomfort after his long and hard toil and was ready with a joke at all times.

Mr. Williams has six living children, two of whom, Messrs. Carl and Tully Williams, reside in Paris. He has twenty-five great-grandchildren, and says even that knowledge doesn't make him feel very old. He is quick and active, and takes a great interest in everything around him.

APPOINTED ADMINISTRATOR.

In the Montgomery County Court, Mr. A. H. Robbins, of near Little Rock, was appointed administrator of the estate of Miss Ellen Soper, who died near Grassy Liek, in Montgomery county, recently. Mr. Robbins qualified by furnishing bond in the sum of \$2,500.

The Problems of Retail Trade.

A merchant on being asked what he considered the greatest difficulty in retail trade remarked that he thought it was the lack of the spirit of unity among the merchants. He felt that they did not take competition in the right spirit. If they found themselves undersold by a competitor, they conceived a grudge against the man that undersold them. They called him a cut throat, and would not work with him for the general upbuilding of the town.

No man who is fit to serve the public through retail trade ought to fret at healthy competition. A little rivalry spurs a man to do his best. No man who has a good grip of his calling complains about it. He looks at it as a part of his training. Every time that he is worsted in fair competition, he feels that something has been added to his business education by which he will profit next time.

If he finds himself undersold, let him study the costs of his business, the problem of getting new trade and of buying right, instead of complaining at the activity of a competitor. Then he will be able to build up his own lines of trade secure from competition. When a merchant gets sore on his competitors, it is a sign that he is playing a losing game.

While competition is healthful, it can, of course, be overdone. If goods are sold too close, the trade of a town tends to be cut up into a large number of little stores, none of them big enough to do business cheaply or serve the public efficiently.

Business men will find they can head off unfair competition best by cultivating the friendship of each other. Let them discuss what should be the prices in standard lines, and make more effort to establish a basis for mutual cooperation and good natured competition.

Military Drill in Schools.

President A. T. Hadley, of Yale, is the first college president to come out for a broad course of military training for college students. The movement for better military preparation has led many people to favor introducing it into colleges and high schools. This is a matter on which there are many points of view. Most people would admit, however, that a certain amount of such work is very useful to any boy.

Performances of military exercises, movements, and evolutions under a good drillmaster, should give a boy an erect posture. People stoop too much. They crawl down their lungs into a narrow box of bone, when the organ was meant to be free and loose. The body misses its fresh air and becomes anemic.

There is too much shuffling and shambling along the streets by these stooping people. Going along with their eyes on the ground, they look

absorbed or discouraged, which is forbidding and depressing. The fellow with head erect looks hopeful, and inspires confidence.

Military drill also makes boys quickly responsive to commands. The human mind naturally works slowly. If unused to acting in company with others, the order of a commander seems to run up against some blank wall of slow thought. So it is that the bunch of raw recruits are all over the street. Their mental reaction is slow, and their nerves and muscles don't keep time with their minds. As they practice the taking and receiving of orders, these faculties become alert and responsive and the drill acquires precision and uniformity.

Modern life calls for quick thinking and immediate reactions. Any experience that promotes these acquisitions has great value. The sense of rhythm and enthusiasm of numbers make any kind of a drill by companies of people an invigorating and awakening experience. Boys are never tired of playing soldier. They would find such drills as a part of school or college work, physically stimulating and mentally pleasurable, to say nothing of the possible military value.

"SEND ME FREE COPY OF YOUR PAPER."

He always has been, and always will be a pest—we mean the man who requests, demands or commands the management of a newspaper to "send me (or us) a free copy of your paper in which my (or our) article appears." Now, at this particular time, he is an economic danger. With the cost of print paper doubled and trebled, with stamps maintaining their ancient scale of prices, and wrapping paper, clerical hire and ink costly, the man who wants a copy of the paper free whenever he asks free space in its columns, is a problem for the efficiency experts.

These offenders come from all classes. Press agents for the railroads, church boards and societies, prohibitionists, liquor organizations, actresses, moving picture houses, etc., etc., include with their requests for free space the reminder that they expect a copy of the paper sent to the address given.

THE NEWS has in the past been one of their victims, but from this time on we will cease to note these demands. If anyone is interested enough in THE NEWS to desire to use space in its columns without cost to himself or herself or themselves, etc., etc., it is a fundamental truth that the paper is worth the price they gladly pay for a copy of a foreign paper.

ONE VIRTUE OF BOOKS.

"What if a book is dull?" inquires Samuel McCord Crothers in one of the monthly magazines. "It can't follow you about. It can't buttonhole you and say: 'One word more.' When you shut up a book, it stays shut." But not Dr. Crothers' books. His epigram suggests a new test for the books on your shelf. Which ones stay shut—which ones call out: "Read me?" It is not the loudest books one hears best; loud-spoken books defeat their purpose if they deafen you till you can't hear yourself think. Thomas Carlyle is, for us, one of those thunderers. Quiet voices reach the ear better; undertone voices like Charles Lamb's. But books do know their place and sometimes that's a big relief."—Collier's Weekly.

REV. BURRIS JENKINS IS TO GO TO WAR FRONT.

(Kansas City Star.) The Rev. Burris A. Jenkins will spend six months in the British trenches, he announced to his congregation at the Linwood Boulevard Christian Church. He will sail in May, having obtained a leave of absence from the church board.

Rev. Jenkins said he would be one of six Americans chosen by George Sherwood Eddy, foreign field secretary for the Y. M. C. A., to do evangelistic work under direction of the secretary of the English Y. M. C. A. Two other members of the party, already announced, are Raymond Robins and Fred Smith, the latter a Y. M. C. A. evangelist. Wilbur Chapman and Gypsy Smith are already at the front. The evangelical meetings are to be held in the Y. M. C. A. huts and tents just back of the firing line. The evangelical force will be moved about the front in France, Egypt and Macedonia, and in the concentration camps in England. Each member of the party will pay his own expenses.

WINTER BRINGS COLD TO THE CHILDREN.

A child rarely goes through the whole winter without a cold, and every mother should have a reliable remedy handy. Fever, sore throat, tight chest and croupy coughs are sure symptoms. "Pape's Cold Compound" is the quickest, surest relief known and costs only 25 cents at drug store. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute. (adv)

RADIO DEFENSE.

Only a short time ago came the announcement of a torpedo controlled by wireless. The new instrument of destruction seems to have large possibilities, and the government is interested in it. Now, however, before it has even been tested in actual warfare, another inventor announces that he has worked out a defense against it. His device consists of a sending apparatus that propagates powerful wireless waves of various lengths, that interfere and obliterate the waves that control the torpedo.

Fully 50 feet higher and more than twice as wide as Niagara, the falls of Iguaçu, in South America, form one of the wonders of that continent.

Family and Friends Count Most of All

We take his Measure—

In a Minute—

A Clean Slate—that's all—

They were a couple of fine old Southerners—you could tell that at a glance. They were talking about tobacco.

"Down South here, we judge a man by his family, don't we? If he is a gentleman, we take his measure in a minute, don't we? And, that's all we want to know, isn't it?"

"Say, friend," one said, "judge this cigarette the same way. He is a SOVEREIGN—that means he has blood and breeding—

comes from the finest family—and has heaps and heaps of good friends here in the South.

"He is made of the choicest and sweetest and mellowest of Virginia and Carolina tobacco; he is raised like a true Southern gentleman—in a fine, clean, healthful home. Let us all stick to him SOVEREIGN—King of them all."

And this all must be true, men, because

**You Folks of the South KNOW good blood!
 You Folks of the South KNOW good tobacco!**

That's why everybody likes me—why the men of the South are smoking me by the millions every day. My! it's fine to be so popular—to have so many friends. And, then here's something more to think about:—

I am guaranteed by *The American Tobacco Co.* —Buy me. If you don't like me return me to your dealer and get your money back. I have said it. A Southern gentleman is known the world over for keeping his word, and I have given you mine.

"TANLAC SMILE" GREETED FRIENDS

Old Hotel Man Tells How He Got Back Good Humor.

"TANLAC DID IT," HE SAYS

"You're sure looking good these days. Where'd you get the smile?" That's the way his friends now greet Joseph Kolb, who lives at the Sherwood Hotel in Cincinnati. Mr. Kolb

JOSEPH KOLB.

was in the hotel business in Cincinnati for 20 years and is well known all over Ohio and Kentucky.

"That's my 'Tanlac Smile' and I got it after Tanlac had built up my run-down system," is Mr. Kolb's answer.

"But I couldn't always smile this way," Mr. Kolb said. "For several years I was bothered by a dropping of mucus in my throat. It made me 'grouchy' because I couldn't get rid of it. It got on my nerves, too, and kept me awake nights.

Began Losing Weight.

"My stomach went back on me, and naturally I lost my appetite. I couldn't eat much without being sick afterwards. I suffered from bloating and belching gas after eating. I had that tired, heavy feeling, too, and it seemed as if I just had to drag myself around. When I began to cut down on my meals I started to lose weight, too, and my friends got worried about me.

"One of them suggested that I try Tanlac and I did. I am glad to say that it helped me back to health. I've got a man-sized appetite now and can eat anything I want without suffering afterwards. I don't have that heavy feeling in my stomach after meals. My food digests without any trouble and I know it is because Tanlac has fixed me up.

Glad to Praise Tanlac.

"I am glad to pass the good word along to anyone who is suffering like I did. I know Tanlac will do them some good. It sure fixed me up. That's why I'm wearing this 'Tanlac Smile'."

JUDGE FOR YOURSELF.

Which Is Better—Try An Experiment or Profit By A Paris Citizen's Experience.

Something new is an experiment. Must be proved to be as represented.

The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is. Now suppose you had a bad back; A lame, weak, or aching one; Would you experiment on it? You will read of many so-called cures.

Endorsed by strangers from far away places. It's different when the endorsement comes from home.

Easy to prove local testimony.

Read this Paris case:

Floyd H. Rankin, grocer, Lillieston Avenue, and Lucas street, Paris, says: "I have used Doan's Kidney Pills off and on for years and have been greatly benefited by them. At times, I have suffered severely with kidney complaint. My back has often pained me, and has been lame most all the time. The kidney secretions have been too frequent in passage and have greatly annoyed me. Whenever I have been this way, I have found that they never failed to cure me of the attack in short order."

TRY "CASCAETS" FOR LIVER AND BOWELS IF SICK OR BILIOUS

To-night! Clean Your Bowels and Stop Headache, Colds, Sour Stomach.

Get a 10-cent box now! Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and bad colds—turn them out to-night and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels, or an upset stomach.

Don't put in another day of distress. Let Cascarets clean your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret to-night straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken. (adv)

APPROPRIATION TO PAY FOR DANISH ISLANDS.

WASHINGTON, Feb. 6.—A bill to appropriate the \$25,000,000 which the United States has agreed to pay Denmark for the Danish West Indies and to establish a government in the islands under Presidential appointment was introduced Monday by Chairman Flood, of the House Foreign Affairs Committee. It would continue the present laws of the islands in so far as compatible with the change of sovereignty, with the single exception that an export tax of \$8 a ton would be levied on sugar.

MAY ORGANIZE BOARDS AT VARIOUS POINTS.

County Superintendents, if they deem it inexpedient, need not organize the divisional boards of education in their own offices the first Saturday in March, as directed by the school law; but may go into the divisions and organize the boards at points where they can get a meeting of the members after notice. County Superintendent John Quettermous, of Livingston county, asked State Supt. V. O. Gilbert whether the statute is mandatory and he referred the question to Attorney General M. M. Logan, who said the Superintendent is not bound by the literal direction of the statute.

PARIS BOWLING LEAGUE.

The Curtis Henry & Co. team took a fall out of the Fordham Hotel five in the game played in the Paris Bowling League series at the Fordham Alley Tuesday night, with a majority of 91 pins as their prize. Both teams played a good game, and took many chances at difficult "splits" and "spares" to keep up averages they have been making. There was a much larger attendance than heretofore, indicating a renewed interest in a sport that is growing more and more popular all over the United States.

For the Fordham team Doug Thomas won both first and second honors, scoring 190 in the second game and 188 in the third game. For the winning team Shankland came first with 179 in the first game, and Lytle annexing second place with 169 to his credit. The score follows:

TRANSYLVANIA GLEE CLUB GIVES CONCERT HERE.

"The Crimson Ramblers," Transylvania University's premier glee club, gave a delightful program of musical numbers, both instrumental and vocal, in the Auditorium of the Paris City High School last night, for the benefit of the Christian Endeavor Society of the Christian church.

The club is composed of twenty students from the University, all skilled musicians. The program rendered was an excellent one, and was greatly enjoyed by a large audience.

The concert will be repeated to night in the Christian Church in North Middletown, for the benefit of the Endeavor Society of that church.

INJURED WHEN FORD TURNS TURTLE.

When a Ford car in which Messrs. John Brierley and Mack Dodson were riding attempted to pass Mr. Newt Rankin's car on the Carlisle pike about a mile from Carlisle yesterday, the car swerved and was overturned, imprisoning the men beneath the machine. Dodson sustained severe cuts and bruises. Brierley escaped with a good shaking up. Mr. Rankin took the injured men in his car to Carlisle, where they were placed in the care of a physician. The car was badly damaged.

FORMER BOURBON MAN DIES IN KANSAS CITY

Information was received here yesterday to the effect that Mr. Clifton Owens, for many years a prominent resident of North Middletown, had been found dead near Kansas City, Mo., with a bullet through his brain. The indications pointed to self-destruction.

Mr. Owens moved from North Middletown many years ago, and for several years had been a buyer for the Swift Packing Co., of Kansas City. According to the information received here Mr. Owens left home in his automobile to make a business trip to a suburb near Kansas City, and failing to return home, a search was made for him. His machine was found by the roadside and the supposition was that he had been kidnapped by bandits, as he had been in the habit of carrying considerable money with him.

Further search revealed his dead body in a ravine close by, his head pillowed on his rolled-up coat and vest, and a revolver lying near his right hand, with two chambers empty. One shot had pierced his brain and the other through the lung.

Mr. Owens had been brooding over the destruction by fire recently of a fine new home which he had just completed and to which he had devoted many hours of care and attention. This loss is supposed to have worried him, leading to his death by his own hand. He was a member of the well-known Owens family of the North Middletown vicinity, and had prominent family connections in Missouri and Kentucky.

A WAY TO CHEAT THE PLUMBER

Why pay plumbing bills? Burn gas through the night and your water pipes won't freeze up. You will be comfortable, too. At the rate which the consumers of Paris get gas, it is cheaper to burn the fuel through the night and save freezing, than it is to pay the plumber \$4.00 or \$5.00 for replacing the pipes, as the average gas bill won't exceed that amount. Nearly every wise person now uses the cheapest and best fuel to be had—natural gas. No dirt, coal soot, kindling, ashes, and other worries to contend with when you use gas. Try it once and you will be a regular consumer.

MR. RENICK IS A SENATORIAL CANDIDATE

THE NEWS calls attention to the announcement in this issue of the candidacy of Hon. Abram Renick, of Winchester, for the Democratic nomination for State Senator from the Bourbon-Clark-Montgomery district.

Mr. Renick has been a conspicuous figure in the political life of Central Kentucky for several years, and being closely identified with the farming interests of the State, both as an individual and in an official capacity, he has become well and favorably known all over this section. He has twice represented Clark county in the Legislature, and during his term of office filled many important positions on committees, and was a prime mover in the establishment of the Kentucky State Fair. He is President and General Manager of the American Short-horn Breeders' Association, and former President of the Pedigreed Live Stock Association of America.

Mr. Renick is a brother of Mr. B. M. Renick, of the Paris Milling Co., and Mrs. Duncan Bell, of Paris. He has a large circle of friends and acquaintances in Paris and Bourbon county, every one of whom may be depended on to do all in their power to help him land the coveted prize.

"THE DIVINE SARAH" AT LEXINGTON OPERA HOUSE.

Paris people are eagerly awaiting the opportunity of seeing Mme. Sarah Bernhardt, the world's greatest actress, in her engagement at the Lexington Opera House to-night. Manager Charles Scott reports the demand for seats by Paris people beyond his expectations. The seats were placed on sale Wednesday morning and were quickly snapped up.

We clip the following from the Atlanta, Ga., Constitution:

"The genius of Sarah Bernhardt is as invincible to years as her energy and vivacity. In half a dozen sketches and tableaux at the matinee and night performances at the Atlanta theatre Monday this was demonstrated.

"So varied were the programs which Mme. Bernhardt presented—'Hecube,' 'The Trail of Joan of Arc,' 'The Stained-Glass Window,' 'The Death of Cleopatra,' 'From the Stage to the Field of Honor,' 'Camille'—that it is impossible to discuss them in detail here.

"There are, perhaps, two pictures of Mme. Bernhardt at the Atlanta theatre that stand out. They are of her as the young French soldier dying upon the field of battle, because it is new and expressive of the modern spirit of France in the crucible, and of her as 'Camille,' because this is the Bernhardt of the stage that is best known and for years best loved.

"In both she was wonderful. The fire and intense spirit of youth and patriotism with which she portrayed the young actor who, had, upon the field of battle saved the flag of France, was superb. It was a marvel in art, unsurpassed and it swept the audience by storm. Her impassioned cry of 'La France et la Liberté,' in the thrilling finale of her recitative lines in this sketch, long before the curtain, brought from the audience an outburst of applause which grew into thunder as she unfurled the tri-color of France and died with 'Vive la France!' upon her lips. It was not merely a complimentary expression of appreciation, it was a great demonstration—hardly short of idolatry." (adv)

Taking a walk on an empty stomach is said to cure indigestion; but you should be careful whose stomach you walk on.

BOGUS "HORSE BUYER" VICTIMIZES HORSEMEN.

It may be some time before Paris and Lexington horsemen will take very kindly to any intending purchaser from abroad, who does not come to them fully and properly equipped with gilt-edge credentials. Several days ago a man registered at the Leonard Hotel, in Lexington, as Sam Meher-son, Omaha, Neb., and soon gave out the information that he was there for the purpose of buying horses for the cavalry branch of the United States Army. He also visited Paris and other surrounding towns and purchased horses, which were delivered in Lexington. He gave checks right and left as if he was a millionaire, and they all came back "no good."

He purchased in all thirty-six horses, among the sellers being Mr. Nathan Bayless, of Paris. His plan was to get the victim to cash a large check for the purchase price of the horses. The horses are still in Lexington, but Meher-son isn't. Some of his checks are, though, and the victims are awaiting for Mr. Meher-son to come back and make good.

Among the victims of Meher-son's game were, B. Neal, Thos. Sharp, and John Scott, of Frankfort; Nathan Bayless, of Paris; Andy Graves, of Georgetown; Jeff Sharp, Frank Joubert and H. C. Willoughby, of Lexington.

PATRIOTIC AMERICAN.

Manager Fred Erd, of the Paris Grand Opera House and The Alamo, is a patriotic American. He has had a slide made showing a large American flag, with rippling folds of white, red and blue, surmounted by such mottoes as "America First!" "Our Country, Right or Wrong, Still Our Country!" "Stand By the President!" etc., which are shown on the screen at the Alamo in the afternoon, and at the Paris Grand at night. These slides get the "glad hand" every time they are shown and have caused the greatest enthusiasm. The younger generation especially, attest their devotion to the emblem of liberty by giving it their loudest acclaim of voice and hand. "Long May She Wave!" The orchestra furnished added inspiration with patriotic music, chief among which was "The Star Spangled Banner."

NEW INSTRUCTOR AT NORTH MIDDLETOWN COLLEGE

Miss Elizabeth Anderson, of Flemingsburg, a graduate of the Hagerman-Campbell College, at Lexington, and a pupil of Miss Elizabeth Smith, of the Boston Conservatory of Music, has taken the position of instructor in vocal and instrumental music in the North Middletown College. Miss Anderson succeeds Miss Ruby Redwitz, who resigned some days ago. Miss Anderson is an accomplished musician, having studied for three years with Miss Lydia Wischam, and in New York under Oscar Saenger. Mrs. Maria Andrews will teach sight reading at the college and will be organist at the Christian church.

COUNTY ASSESSOR'S A GOOD JOB

The County Assessor's job is one of the best in the county and this is seen very plainly by the number of people who have already entered the race for the Democratic nomination for this position. There is not so much work to this office and it is all done at one time and yet there is a good salary attached to it. One can very easily hold this position and do other work as well.

Be Here As Soon After That As You Can!

Not a Pantry.

Don't think the Hoosier is only a pantry. It is not. It combines a pantry, a cupboard and a large kitchen work-table all in one.

Some women think a pantry and a cupboard give all the convenience they need, but you who have them know that you must walk miles back and forth in preparing meals and clearing up afterwards. The Hoosier save you all those miles of steps.

Sit Down At Your Work

The Hoosier has places for 400 articles all within arm's reach. You can sit down restfully at your work. The big aluminum table-top is acid-proof. It slides out and leaves plenty of knee room. There are no little partitions to clutter up the space and hamper you. More than a million women have the Hoosier, and they are doing your hour's work in thirty minutes. Save toil, save steps and

It costs you nothing to investigate. If you decide that you want this beautiful cabinet you save five dollars in just about five minutes. Won't you, in justice to yourself, please come and see this bargain? All right. But please be sure to be here early.

Valuable Hoosier Features

There is plenty of unhampered room above and around the aluminum work table. No useless little partitions to chop up the space. The HOOSIER gives you a big table space to work on—it gives you 17 vital points not found in all other cabinets combined. Five of these leading features are:

- 1—The All-Metal Glass Front Flour Bin.
- 2—The Gear-Driven Shaker Flour Sifter.
- 3—Storage Space for 400 Articles, all within arm's reach.
- 4—Ingenious, Big-Capacity Sugar Bin.
- 5—The New Roll Doors that you can slip out for cleaning.

PLANS FOR MONUMENT TO KENTUCKY POET AT DANVILLE

Plans are being made, according to advices received in Paris by the United Daughters of the Confederacy, for the erection of a monument in Danville to the memory of Col. Theodore O'Hara, the great Kentucky poet. He was a native of Danville, but for years made his home in Frankfort, where he wrote his famous poem, "The Bivouac of the Dead."

IMMIGRATION BILL PASSED

WASHINGTON, Feb. 6.—Congress has overridden a veto by President Wilson for the first time and enacted into law the immigration bill, with its long-fought literacy test provision. The Senate voted late Monday, 62 to 19, to pass the measure, notwithstanding the veto and in spite of eleven-hour information that Japan again had protested against the language of the Asiatic exclusion section.

The House overturned the veto last week by a vote of 287 to 106, so the Senate's action ends the contest of twenty years' standing, in which three Presidents have repudiated similar bills passed by Congress.

The international situation was brought into the closing debate in the Senate, Senator Reed calling attention to the Japanese objection and pleading that nothing be done at this time to disturb or impair the country's relations with a friendly nation.

Senator Smith, of South Carolina, Chairman of the Immigration Committee, answered with the declaration that the present state of international affairs emphasized the necessity for a pure, homogeneous American people, such as the bill was intended to protect.

The literacy test provided for in the bill excludes from the United States all aliens over 16 years of age physically capable of reading who can not read the English language, or some other language or dialect, including Hebrew or Yiddish. Any admissible alien, however, or any citizen of the United States may bring or send for his father or grandfather, over 55 years of age, his wife, mother, grandmother or unmarried or widowed daughter, if otherwise admissible, regardless of whether such relative can read.

COLD WAVE STRIKES FLORIDA SAME AS KENTUCKY.

Florida suffered during the recent cold wave as well as the Northern States, as evidenced by a report from Jacksonville, Florida, to the Weather Bureau at Washington, which says:

"A cold wave during the last 48 hours has made heavy inroads on the winter fruit and vegetable crop in the Southern producing belt. The citrus fields as far as Middle Florida were severely damaged, according to reports received here, and the year's production of Irish potatoes and tomatoes virtually destroyed in all the State, except the Southern tip. Vegetation in Louisiana also suffered heavily. One message from a Florida grower, sent to an Atlanta commission house, said that in seventeen years no such crop damage had been wrought in the Florida fields."

GIRLS! THICKEN AND BEAUTIFY YOUR HAIR AND STOP DANDRUFF.

Try This! Your Hair Gets Wavy, Glossy and Abundant at Once.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness, and an incomparable gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

DANVILLE TO HAVE HOSPITAL.

Danville will have a new \$40,000 hospital building. This became known when the Danville Hospital Committee purchased from C. C. Bagmy his property on South Third Street, and announced that a large fire-proof building would be erected as soon as the weather permits. The old brick house that has stood on the lot for two generations will be dismantled at the earliest opportunity. Plans for the building will be ready within a short time and it is the hope of the committee that the work may be begun in the early spring. The building will be ready for occupancy next fall.

A joke is going the rounds illustrating the wonderful perfection attained by modern war machines. Uncle Ephraim's sympathies were with the Allies. "Man," he announced, "Has you heard 'bout dem allies? 'Dey's gotta gun what kin hit yo' if it's twenty-three miles off." "Lawdise, dat aint nuffin'," sneered a colored partisan of the opposite camp, "de Germans dey kin hit yo' if dey jes' has yo' address."

Gettin back to actual things, do you know that you have an advertising gun that can hit the prospect if you just have his address? And do you know THE NEWS has both the gun and the ammunition for just such a campaign?

SEVERE COLD QUICKLY CURED.

"On December first I had a very severe cold or attack of the grip as it may be, and was nearly down sick in bed," writes O. J. Metcalf, Waterbury, Mo. "I bought two bottles of Chamberlain's Cough Remedy and it was only a few days until I was completely restored to health. I firmly believe that Chamberlain's Cough Remedy is one of the very best medicines and will know what to do when I have another cold." Obtainable everywhere. (Feb-adv)

MRS. KIESO SICK SEVEN MONTHS

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Aurora, Ill.—"For seven long months I suffered from a female trouble, with severe pains in my back and sides until I became so weak I could hardly walk from chair to chair, and got so nervous I would jump at the slightest noise. I was entirely unfit to do my housework, I was giving up hope of ever being well, when my sister asked me to try Lydia E. Pinkham's Vegetable Compound. I took six bottles and today I am a healthy woman able to do my own housework. I wish every suffering woman would try Lydia E. Pinkham's Vegetable Compound, and find out for themselves how good it is."—Mrs. CARL A. KIESO, 596 North Ave., Aurora, Ill.

The great number of unsolicited testimonials on file at the Pinkham Laboratory, many of which are from time to time published by permission, are proof of the value of Lydia E. Pinkham's Vegetable Compound, in the treatment of female ills.

Every ailing woman in the United States is cordially invited to write to the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for special advice. It is free, will bring you health and may save your life.

PUBLIC SALE

OF

Splendid Bourbon County Farm

One That will Produce the Crop That Will Bring the Money.

I will sell to the highest bidder, on

Saturday, February 17th, 1917

at 1 p. m., o'clock, at the Court House door, in Paris, Ky., my farm of 292 acres on the Bethlehem pike, 4 miles from Paris, 14 miles from Lexington, and 3 miles from Hutchinson Station, on the L. & N. railroad. Farm has on it a good residence of 7 rooms, and has only been built a few years. Has cellar, bath room, fine cistern at door, and is in a beautiful location, in center of farm.

There are two good tobacco barns on the place, will hold 18 acres. One of the tobacco barns and good stock barn with 10 box stalls, are nearly new. New double corn crib with metal roof; meat house, carriage house, tool house, and all outbuildings. Good tenant house of 5 rooms. Farm is well watered with good springs, ponds and running water.

This farm is in one of the best sections of the county, the land lays well with very little waste land. It has been used as a thoroughbred horse farm for nearly forty years, and it is one of the richest farms in Bourbon county.

There is some virgin soil, with much old blue grass sod that hasn't been plowed in 20 to 40 years.

I will show prospective purchasers over the place, or Mr. Gravitt, who lives on the farm, will be glad to show it to you at any time.

DON'T BE AFRAID!

An Irishman got a job with a circus as the impersonator of a lion. He was fitted up with a lion's skin and taught to growl in imitation of a wild beast. But his nerve failed him when he was put into a cage with a ferocious looking Numidian specimen. He whimpered and retreated as the other lion approached. When it was at last almost the limit of Pat's endurance the other lion informed him, "Don't be afraid. I am an Irishman myself."

This story always saves us when we call on a business lion. He may growl and try to scare us but we always say, "Don't be afraid; he's just a man himself." And even though he is impersonating a lion or a bear, he doesn't fool or frighten us.

TOBACCO BUYING ONLY TEMPORARILY SUSPENDED.

LEXINGTON, KY., Feb. 6.—A published report that the American Tobacco Company had "withdrawn" from the Central Kentucky market "presumably on account of the war situation" was given official denial at local offices.

Captain J. A. Hutchinson, representative of American Tobacco Company, said: "On account of the congestion at country markets and at redryers here, a temporary suspension of buying was advised from the Louisville office. It is nearly impossible to get cars and the tobacco has piled up in quantity. There is danger of loss through trucking, and it would be folly to keep buying when we could not move what was on hand. I do not believe that the suspension will be necessary beyond a few days. The American Company has not withdrawn from the market. Just as soon as the congestion is relieved, normal conditions will be restored."

It was explained that congestion had nothing to do with the war situation and is in no sense a new condition. It time when difficulty is encountered in moving its purchases. It has happened repeatedly in former years.

One effect of the suspension of sales on the local market will be to enable the various buying companies to move tobacco that could not be handled during the severe weather.

PADUCAH, KY., Feb. 6.—Buyer in the dark tobacco district have received instructions to discontinue the purchase of tobacco, which indicates that the break with Germany means that no more tobacco will be purchased in the Black Patch as long as diplomatic relations remain in their present condition.

The order came Monday and the buyers absolutely refused to make any trades. Growers were greatly disappointed because tobacco is in excellent condition for delivery and many loads were hauled back to the farm.

WINCHESTER, KY., Feb. 6.—Orders have been received here by representatives of the American Tobacco Company to discontinue purchases on the loose leaf market. The order followed a few hours after the local men had been notified to purchase 50 per cent. of the offerings until further notice. It is said the order is general throughout the burley belt.

THE BEST RECOMMENDATION.

The strongest recommendation any article may receive is a favorable word from the user. It is the recommendation of those who have used it that makes Chamberlain's Cough Remedy so popular. Mrs. Amanda Gierhart, Waynesfield, Ohio, writes, "Chamberlain's Cough Remedy has been used in my family off and on for twenty years and it has never failed to cure a cough or cold." Obtainable everywhere. (Feb-adv)

SUBMARINE CAMERA.

This instrument is operated by the aid of a powerful electric searchlight that goes down with it. Lens and shutter are controlled from the surface. The apparatus is constructed so that every part of it will stand a strain of 500 pounds to the square inch.

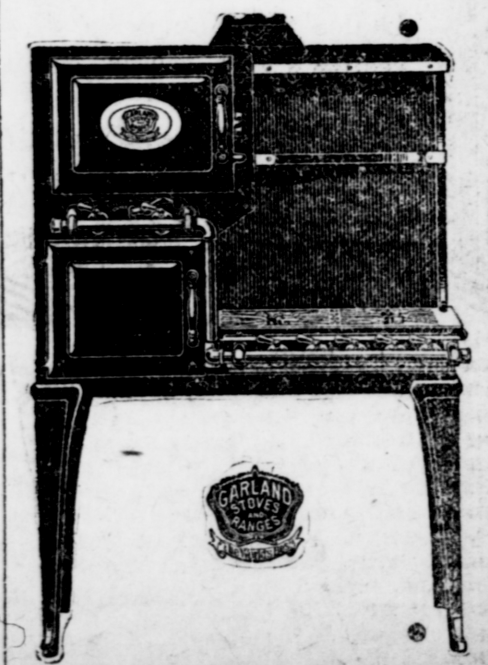

LINGERING COUGHS DANGEROUS

Get rid of that hacking cough that keeps you awake at night and drains your vitality and energy. Dr. King's New Discovery is a pleasant balsam remedy, antiseptic, laxative and promptly effective. —Mrs. O. M. Johnson left Wednesday for a month's visit to friends at Wichita Falls, Texas.

—Mr. and Mrs. F. E. Peterson moved Thursday to the home of Miss Margaret B. Clarke, from rooms in the home of Mrs. America Patter.

—The Battle Cry of Peace will be on at the Majestic Theatre this afternoon, to-night and Saturday afternoon. Admission 25c. Everybody wants to see this wonderful production.

—Millersburg was visited by a terrific blizzard Sunday afternoon. The mercury dropped 20 degrees within an hour. Limbs were blown from shade trees, window glass smashed in the homes of Mr. J. G. Allen and a window shutter from the home of Mr. K. D. Burroughs, and two window glasses from the home of Mr. R. C. Bonar.

—Mr. Sanford C. Carpenter, of Millersburg, and Mr. D. F. Brown, of Tennessee, will have a sale of ninety head of Jerseys and 10 head of Guernseys at the M. J. Murphy & Co.'s stock yards, in Paris, on Friday, Feb. 16. The offerings are choice ones and it will pay anyone who wants good animals to attend this sale. Sale begins at 1:00 p. m.

—The Twentieth Century Club will hold an exhibition of two hundred pictures, loaned by the Elson Art Company, of Boston, on the afternoon of February 14, 15, 16, at M. C. Gymnasium. Admission 25c; school children 15c. This exhibition of pictures is of more than ordinary interest. The collection is a large one and contains reproductions of the masterpieces of art of different countries and periods. Nearly every gallery and country in the world would have to be visited to see the original pictures, which are brought together in this collection. It is hoped everybody will take advantage of this unusual opportunity for a town of this size. (9-21)

—Mr. Thomas Jones, aged about seventy, died Monday at 9 p. m., after a few days illness of inflammation of the kidneys and other complications. Mr. Jones was taken ill on Wednesday prior to his death. On Saturday and Sunday he was thought to be much better, but he was taken worse early Monday morning and continued to grow weaker until the end. He was a native of Nicholas county, having been born and raised within a few miles of where he died. His entire life was spent as a farmer. He had been twice married, his first wife being Miss Laura Gorham, his second wife Miss Razor, of Paint Lick. By the last union four children were born, three sons, Dr. Chas. Jones, of Mt. Sterling, Messrs. Mack and Noble Jones, of Millersburg, and one daughter, Miss Mary Jones, the last two children residing at home. Mr. Jones was a good citizen, industrious, and a good provider, a devoted member of the Methodist church, and a member of Amity Lodge No. 40, F. and A. M. Funeral services were held Wednesday at 10 a. m. from his late residence, Rev. J. D. Redd, P. E. of the Maysville District, officiating. He was buried under the auspices of Amity Lodge, Mr. O. R. Rankin conducting the committal services at the grave.

HISTORY OF MILLERSBURG

—The cottage of Mr. T. E. Savage, now an annex of M. M. I. In beginning our history of the individual property of Millersburg we will take the west side of Main street, beginning at the north end. The town, as we have already said, began in 1829, as it does now, at the gate of the old Kentucky Wesleyan College then, now the M. M. I. Just south of the college stood then a five-room cottage, with the end to the street and a veranda or porch on the south side. It was closed in by a picket fence. There was no sidewalk nor pavement to the front door. It was occupied by Prof. and Mrs. Garnett.

The writer came to Millersburg at the time when the law suit was pending between the citizens of Millersburg and the Board of Education of the M. E. Church, over the removal of the K. W. C. The case was then in the U. S. Supreme Court, and in about two years after it was decided to change to Winchester, Prof. Garnett occupied a chair in the K. W. C., the happy home was brightened by the advent of a daughter. When the college was finally moved to Winchester, Prof. Garnett and family went with it.

Prof. Garnett and family were succeeded by Mr. and Mrs. Chas. Jennette. At the time Mr. Jennette moved

to the property, he was Marshal of Millersburg, and a little later was made Deputy U. S. Marshal. One Sunday afternoon he was invited by a number of young men to join them back of the L. & N. depot, where they all indulged in a keg of beer, as they all grew somewhat tipsy a fight was indulged in and Jennette was killed. This was believed by many to be a premeditated act. A short time prior to this the postoffice had been entered by burglars, a number of stamps and some money taken. Marshal Jennette was working on the case and had privately announced to some of his friends that he was running down a clue that would lead to some sensational developments. His remains were taken to Brooksville, Bracken county, for burial.

They were succeeded by Mr. and Mrs. J. F. Wollums, moving from rooms in the home of Dr. W. V. Huffman. Mr. Wollums at the time was station agent for the L. & N. R. R., but soon resigned his position, after purchasing the interest of Mr. M. H. Current in the coal and lumber business of Clark & Wollums. He did not occupy the property long for the senior member of the firm, Mr. E. P. Clarke, purchased the home of Mrs. Ella Thaxton, and Mr. and Mrs. Wollums moved to the property vacated by Mr. Clarke and family. They were succeeded by Mrs. Elizabeth Powers, and two daughters, an invalid sister, Mrs. Martha Shockley. Mrs. Powers and family had recently moved from Maysville, she being the widow of Rev. Powers, a well-known Methodist preacher, the family coming here for the purpose of taking care of Mrs. Shockley. In a few years the youngest daughter, Miss Mattie Powers, graduated from the M. F. C. and for a time taught in the Millersburg Graded Schools. About this time Mrs. Powers died and was laid to rest in the Millersburg Cemetery. She was soon followed by her invalid sister Mrs. Shockley.

The Misses Powers moved to the property of Mr. William Wood, on Main street, which has since been taken down, and from there to Carlisle. The property was next occupied by Mr. and Mrs. B. F. Howard. Mrs. Howard sold her effects and returned to the home of her father, Mr. J. G. Allen. Mr. R. A. Kearns and family then moved to the property from Mt. Olivet, Mr. Kearns opening a jewelry store in the property of Mrs. Sue Sandusky, now occupied by the Blue Bowl Restaurant. He had been with us but a few months, and was doing a prosperous business, when he was stricken down with liver trouble, dying within a few days. He was a member of the Mt. Olivet Masonic Lodge and was buried with Masonic honors in the Millersburg Cemetery, by the Mt. Olivet Lodge. Mrs. Kearns and children moved from the property to rooms in the flat of Mr. J. A. Miller.

They were followed by Rev. Wright and family, who had several small charges in Nicholas county. Mr. Wright being a Methodist preacher. Shortly after moving to the property his mother died and was interred in Harrison county. Shortly after this Mr. Savage sold the property to Col. C. M. Best, of the M. M. I. For several years Col. Best used it as a dormitory, some times for those who assisted in the care of the M. M. I. grounds. Later Col. Best rented the property to Miss Esther K. Neil, instructor in violin at the M. F. C. She occupied the property some three or four years. In the summer of 1912 Miss Neil secured a position as a member of the orchestra at Crab Orchard Springs Hotel during the summer season. While there she met and married Mr. Julian C. Mitchell, an artist and engraver. Mr. and Mrs. Mitchell returned to Millersburg, but did not remain a great while. She resigned her position at the M. F. C. and went for a time with him to Louisville, and from there to Illinois, and are now located in California. In 1915 Col. Best took down this old landmark of Millersburg, which had withstood the storms of many years. The ground has been artistically beautified, and is now a part of the campus of M. M. I. Col. and Mrs. Best hope to erect a handsome residence on it in the future, as it is one of the most attractive building sites in our town.

BUYS BOURBON FARM.

Mr. Wesley Florence, of Harrison county, has purchased of Mr. Wm. Brannock, of near Paris, the old Larkin farm, of 113 acres, located near Kison, for \$135 per acre, a total of \$15,255. Mr. Florence will get possession of the place in March.

DEATHS.

SHOCKLEY.

—Mrs. Eliza Shockley, aged eighty-three, died February 4, at the home of her sister, Mrs. Charles M. Durham, at Moorefield, Nicholas county. She was born in Fleming county, where she lived until a year ago, when she broke up housekeeping at Ewing and went to live with her sister. She was a sister of Rev. J. J. Dickey, of Hutchison, this county. Her surviving children are two sons, J. W. and W. H. Shockley, of Fleming county, and one daughter, Mrs. Lottie Wilson. The funeral was held Tuesday, at 2:15 p. m., at Flemingsburg.

KNIFEIN.

Col. Geo. C. Kniffin, aged eighty-five, died at a hospital in Washington City, Saturday morning, after a long illness, resulting from the infirmities of age. Col. Kniffin came to Paris at a time when the business of the city was conducted on old-time principles and he came interested in the hardware and stove business. He was prominently identified with the business life of Paris, and was a man of fine intellect, whose presence in any circle was a decided addition. But few, if any, of the merchants who were in business here when Col. Kniffin was a resident, are now alive. Thirty years ago he closed out his business connections in Paris and moved to Washington, D. C., where he entered the Government service in the United States Patent Office, having been placed in charge of one of the most important departments in that branch of the service. Col. Kniffin soon became well-known in Washington, and was always glad to meet old friends from Paris, for which place he still retained a genuine affection.

He was a brother-in-law of the late Mr. William Shaw, (Uncle Billy), founder of the Paris Flouring Mills, now the Paris Milling Company, having married Miss Lou Shaw, who preceded him to the grave many years ago. Col. Kniffin was a great-uncle of Mr. Logan Howard, Miss Jennie Howard and Mrs. Taylor Chandler, all of Paris, and Mr. Wherret Howard, of the county.

The funeral services were conducted in Washington, Monday, and the burial followed in the historic Arlington Cemetery, in Virginia, just across the Potomac, opposite Washington.

MATRIMONIAL.

ANNOUNCEMENT.

—Relatives and friends in this city of the groom have received the following announcement cards:

"Mr. and Mrs. Harry Palmer announce the marriage of their daughter, Mildred, to Mr. Robert K. Smith, Wednesday, January the twenty-fourth, nineteen hundred and seventeen, Dayton, Ky."

The groom is a son of Mr. and Mrs. John K. Smith, of Dayton, his mother being formerly Miss Ada Hill, of Paris. He is a nephew of Messrs. George M. Hill, W. A. Hill and Charles R. Hill, Misses Flora and Elizabeth Hill and Mrs. L. B. Purnell, of Paris. Mr. Smith is a member of the clerical force in the Cincinnati office of the Southern Railway System (formerly the Queen & Crescent) and is a young man of excellent character. His bride is one of Dayton's charming young women. Mr. Smith has been a frequent visitor in Paris.

NOTED VIOLINIST SAYS PARIS, KY., IS MUSICAL CITY.

Albert Spalding, the well-known violinist, says in an article about music in the February Woman's Home Companion:

"I am convinced that the love of music in American to-day is as strong as anywhere else in the world, and that its music-loving people are prepared to make greater sacrifices for it than any other people, with the possible exception of Russia. The existence of a very great number of music societies and clubs throughout our country—there's scarcely a hamlet without one—and their support by the cultured and discriminating class, the immense numbers of pianos sold and used, the large sale of classical music, even in the smallest towns, the increasing importance given to the study of music in the State institutions, and in the matter of phonographs, the perfectly amazing number of superior popular and classical records sold in this country as compared with the number sold in Europe, all attest the interesting growth of music here. In fact, musical culture permeates the whole country. In Brooklyn, for instance, small musical circles are as numerous as innumerable, rather—and almost as close together as the bubbles in a bottle of soda water. The very air is charged with music. Bach, Beethoven, Schubert, Brahms and Wagner are reeled off the tongue as familiarly as baseball or movies. And the same is true of Fort Worth, Los Angeles, Chicago, Kankakee, or Paris, Ky. On the ranch or in the backwoods one will find the collegian interspersing ragtime with classic, carrying the message of harmony to the four points of the compass. And the not remarkable, but little suspected, fact is that most of these people are American generations deep. Just go to the Metropolitan and 'great' night and you'll find that 90 per cent. of the people who've paid the price of admission to a considerable sacrifice and are suffering the inconvenience of standing up—downstairs—are Americans to the core. Nor do the 'gallery gods' at the opera monopolize musical taste, as per foolish tradition. The people in the boxes and the stalls are, as a rule, not only well up, but way up in music."

Fully 50 feet higher and more than twice as wide as Niagara, the falls of Igazu, in South America, form one of the wonders of that continent.

RELIGIOUS.

—The Endeavor Society of the Christian church will meet in the church parlors Sunday evening at six o'clock. The subject will be "Confession;" leader, Miss Carrie Rose. The members of the Society will give a "Valentine Party" at their business meeting, which will be held on Monday night.

Jaynes Savaye; Conference Secretary, Mrs. R. B. Cameron; Sunday School Secretary, Thos. A. McDonald; Assistant Secretary, L. D. Redmon; Treasurer, T. A. Hendricks. The following were elected Superintendents of Division: Adults, Edward T. Hinton; Senior, E. T. Proctor; Intermediate, Mrs. L. D. Redmon; Junior, Mrs. R. F. Moore; Primary, Miss Clara Belle O'Neill; Beginners and Cradle Roll, Mrs. Lizzie Walker; Home Department, Mrs. A. L. Boatright; Pianist, Miss Esther Boatright.

THE PENNY PAPER.

Is the one-cent paper to be a passing fad in the United States? The Philadelphia papers, without exception, we believe, have returned to higher prices, and Philadelphia is the third American city in population. The Buffalo papers bolted the one cent platform recently in a body. Some of the New York papers are showing signs of nervousness and talking very gravely about the cost of white paper.

It has not been long since nobody thought of getting a first class news paper for less than five cents and the circulation of many of the Southern papers was as large as five cents as it has been recently at three, two or even one cent. The Hearst papers in New York built up a tremendous circulation while charging one cent for a copy, and papers like the World, the Times and the Herald fell in line. The price was experimental and it seems not improbable that the experiment will be declared a failure.

The penny paper may become extinct within a year or two if paper remains at the price now charged, or anything like that price.

BIRTHS.
